**Objective** Growth both as an individual and a professional, establishing myself within a well structured organization and to provide through my knowledge and abilities plus any services needed to create improvements upon land.

Architecture Graphics course in High School – Fluent in AutoCAD

## Relevant Experience

Drew up a set of plans to restore the Historic Border Theatre located in Mission, TX

Worked with UTSA and Edgewood I.S.D. as a research assistant. Responsibilities included organizing galleries of potential playground designs created by UTSA Architecture students. The objective of this project was to locate necessary funds in order to build a playground for the eleventh poorest school district in the Nation.

Previously employed by Terracon Consulting Engineers, formerly known as Drash Consulting, where I produced CAD drawings / details to be used as visual aids for both clients and final reports. When necessary I applied architectural knowledge to draft roof and foundation details.

Developing a design of a sustainable building to be built in Edinburg, Texas. The lot is in the family and I have been asked to design a triplex on this land. I also enjoy participating in Habitat For Humanity whenever I get a chance in between work and school.

Experience in construction administration for small residential renovation projects in San Antonio and the Rio Grande Valley areas.

Property management experience in San Antonio and Rio Grande Valley areas through Trinity Property Group, LLC.
